## Quotes From The News

By UNITED PRESS INTERNATIONAL

WASHINGTON — Sen. Harrison A. Williams, Jr., D-N.J., expressing a desire for President Johnson to initiate negotiations immediately with North Vietnam for return of U.S. prisoners.

"We must not hesitate to attempt negotiations where we have been rebuffed before. We are dealing in lives."

PALO ALTO, Calif. — Dr. Norman E. Shumway, announcing the death of heart transplant patient Mike Kasperak from various complications.

"He survived a fantastic galaxy of complications which we have seen before in other cardiac patients, but never in such profusion."

SACRAMENTO, Calif. — Former Gov. George C. Wallace of Alabama, referring to his possible candidacy for president in 1968.

"I have stated I will be a candidate for president of the United States in 1968 unless one of the major parties shows a real and determined intent to offer the American people a choice in 1968. Neither of the parties to date has disclosed such an intent."

TOKYO — Radio Hanoi, repeating that the bombing of North Vietnam must be unconditionally stopped before there can be peace.

"It is clear to everybody that since the United States is overtly bombing the Democratic Republic of North Vietnam — an independent, sovereign state — it must definitely and unconditionally put an end to this aggressive act."

## A Bible Thought For Today

For whosoever shall call upon the name of the Lord shall be saved. — Romans 10:13.  
Any man anywhere who wants to be saved needs only to make that sincere desire known to God.

## Ten Years Ago Today

LEDGER & TIMES FILE

Winter came into Calloway County yesterday afternoon with the first snow of the year of any thickness. The temperature dropped swiftly yesterday evening and snow started peppering down in the mid-afternoon.

An unusual note was added to the swearing in ceremonies early this month of all the elected city, county, and state officers residing in Calloway County. They are all members of the Woodmen of the World and most of Murray Camp 592.

Mr. and Mrs. Holmes Dunn of Flora, Ill., formerly of Murray, are the parents of a son, born January 18. He has been named Randall Herbert.

Voris Howard is a member of the Belmont College Glee Club, Nashville, Tenn. He is the son of Mr. and Mrs. R. T. Howard of Calloway County.

## Twenty Years Ago Today

LEDGER & TIMES FILE

Deaths reported today were Mrs. Elizabeth Washam, age 78, who died at the Houston-McDevitt Clinic and Henry Bowden, age 71, who died from exposure, according to Coroner Max Churchill.

Dr. Robert W. Hahn was elected to the Board of Directors of the Houston-McDevitt Clinic at a directors meeting. Other directors are Dr. Hugh Houston, Dr. Hal Houston, and Dr. C. J. McDevitt.

John David Thompson who received his Bachelor of Science degree from Murray State College in December is now attending the University of Texas, Austin, working on his Masters Degree. He is the son of Mrs. Gela Thompson.

After one day of spring, Murray residents grudgingly hauled out their overcoats this noon to settle down for another siege of winter.

## LENGTHY MEETING

(Continued From Page 1)

core employed" in jobs through an aggressive program of recruitment and training.

Learned from Messer that progress is being made toward setting up a plan under which persons who haven't finished high school may study at home with the help of a special series of television programs over Paducah station WPSD and prepare themselves to pass a high school equivalency test.

Heard of a plan to build a demonstration low-cost house in Paducah using a new-type molding machine that turns out concrete blocks and is said to be able to produce an adequate house for \$2,500 to \$3,000.

Heard a report by S. A. Porter, in charge of the "Operation Mainstream" program for unemployed and underemployed heads of families, that women are beginning to be worked into the program as educational and social workers.

Heard another report by Porter that the Office of Economic Opportunity has granted permission for the program to take on seasonally unemployed workers, particularly in the tobacco industry, to fill places for time missed by workers already in the program or when not all the 60 "slots" in the program were filled.

Porter also reported that a strong possibility exists that enrollees soon can be paid \$1.60 an hour for 40 hours work a week instead of the current \$1 an hour for a maximum of 32 hours.

Heard, and applauded, testimony by mothers of children in BOC child development centers that the program is helping their children greatly.

A petition by parents of children in the Paducah South Side Head Start and Child Development Centers for representation on the board was withdrawn after several board members expressed the opinion that their interests are already adequately represented.

In his plea for the reorganization plan, Messer said that the present organization has become unwieldy through the addition of programs and services whose directors all report directly to him.

The plan, which he said has been favorably reviewed by an evaluation team from the national OEO office and by the state director of OEO, is designed to provide "some decentralization" and to make for a smoother operation.

Under the plan, Messer would have a technical assistant but would not replace Schell, who resigned as assistant director. It provides also for an administrative assistant to handle the office paperwork.

But the proposal drew protests that board members hadn't been given a chance to study it before being called on to vote.

"I don't like having the thing thrown at us on a meeting night without a chance to study it and just 15 days before the deadline," said one board member.

Mayor Holmes Ellis of Murray, a member of the board, complained that Messer has not worked closely enough with the board.

"You've gone around us and fought us, just to be blunt about it," he said.

Similar sentiments were expressed by County Judge Richard Custerman of Graves County, also a member of the board. Marshall County Judge Paul Howard said the board needed more time to study the proposal.

"We're in charge of spending a

## Devoe Reid, Formerly Of Kirksey, Dies

Devoe G. Reid, formerly of Kirksey, died Sunday at the Veterans Hospital, Lexington, following an extended illness.

The deceased was 76 years of age and was a retired farmer. He was a World War II veteran and a member of the Masonic Lodge.

Mr. Reid is survived by one sister, Mrs. Mary Reid Cochran of Kirksey and one brother, Charles K. Reid of Madisonville.

Funeral services will be held Tuesday at one p.m. at the Kirksey Methodist Church with Rev. Johnson Easley and Rev. A. H. McLeod officiating.

Active pallbearers will be Hoyt McCollum, Paul D. Jones, Rob Gingles, Hal Smith, Gatis Wraether, and Crawford Hanley.

Honorary pallbearers will be Noble Cox, Carl Tracy, Coal Compton, Hugh Gingles, Max Hurt, Roy Jones, Fred Gingles, and Jim Washer.

Interment will be in the Mt. Carmel Cemetery with the arrangements by the J. H. Churchill Funeral Home where friends may call.

## SEEN & HEARD

(Continued From Page 1)

Virgil Knott. Thanks folks.

They point out that the electricity and telephone interruptions have caused hardship on many people in this area.

There was a slig of beauty to the snow too, they continued. Say they looked out their window and saw Mrs. Poppin and their young son trudging through the snow Sunday on the way to Sunday School and Church. Each had one hand of the little fellow, helping him through the snow.

"If each of us could see the beauties and wonders of the world we live in and count our blessings each day, how much better our world would be," they said.

Well the Squirrels have moved all of those Scaly Bark Hickory Nuts off to their dens, or else have buried them somewhere. At least they are all gone, the entire bucket full.

Guess we may as well move those hard head Hickory Nuts back there too. We just raked them up into a pile in the fall, but we could load them into the wheelbarrow and make them a little more available.

**Mrs. Mary Ann Smith Wins On TV Program**

Mrs. Mary Ann Smith, daughter of Mr. and Mrs. Fred Tucker of Kirksey, and wife of Douglas Smith, son of Mr. and Mrs. Hubert Smith, Star Route, Mayfield, is in Bafflower, California.

The former Kirksey woman has won \$4700 in merchandise on the ABC television program, "Temptation." She will appear on the program on Friday, January 26, and also on Monday, January 29, at ten a.m.

Private development adjacent to government-owned property on seven reservoirs of the Nashville District, U. S. Army Corps of Engineers, amounts to more than \$197,500.00.

half-million dollars in this area, and we need more than a few minutes to talk about a proposal of this kind," Howard said.

## Your State . . .

(Continued From Page 1)

tions, he serves as a director of both the Monroe County Farm Bureau and the local livestock improvement Association. His professional affiliations include the Kentucky and National Vocational Agricultural Teachers Association and the South Central Kentucky District Vocational Agricultural Teachers Association. Miller is a past chairman of the latter group and is a member of the executive committee of the State organization. He is an honorary member of the Future Homemakers Association of America.

Miller received the bachelor of science degree in agriculture from Western Kentucky University in 1948, and the master of science degree from the University of Kentucky in 1955. He has taught at Tompkinsville High continuously since 1948.

A veteran of World War II, Miller served three-and-one-half years in the U. S. Army Air Force.

His wife is the former Naomi Bowman of Summer Shade. They have three children: Johnny, Rhonda Beth and Joseph. He is guardian and provides a home for two grandchildren, Gregory and Terry Eldred, the children of another daughter, Roberta, who was killed in an automobile accident one year ago.

The family attends the Baptist Church.

## Hospital Report

Navigational locks on the Tennessee River are operated by U. S. Army Corps of Engineers personnel in the Nashville District. The District consists of the Tennessee and Cumberland River basins.

## State 4-H'ers Enjoy Sights, Sounds of Chicago Congress

Three Kentucky young people are still recalling memories of the exciting National 4-H Club Congress that they attended recently in Chicago.

Janie Gosser, 15, of Nancy, received an expense-paid trip as one of 18 sectional winners from across the nation in the 4-H Dog Care and Training program.

The other two attended as state award winners in their 1967 club projects. They are Sherri Durrett, 17, of Danville, and Raymond Vail, 18, of Kevil.

Judy Kelo, 17, of Lynn Grove, received a handsome wrist watch as her award. She did not attend the congress.

The four were chosen by the Cooperative Extension Service which supervises 4-H Club work. The Kentucky delegates mingled with 1,650 other 4-H'ers from across the nation and Puerto Rico at the congress.

The theme of congress was "Pursuit of Excellence," and the delegates heard issues of concern to today's youth discussed by a panel that included astronaut James Lovell. They also heard speeches by U. S. Agriculture Sec. Orville Freeman and syndicated columnist Ann Landers.

The five-day program included a concert by the Chicago Symphony Orchestra, a musical performance by the Young Americans and special tours.

Miss Gosser's project began with heartbreak. Her first puppy was killed and her sister's puppy was stolen. Undaunted, Miss Gosser purchased a collie puppy which she trained and

HANOI BRIDGE—Reconnaissance photos show the Paul Doumer Bridge over the Red River, northeast of Hanoi with five spans (upper) bombed out in mid-December; and now (lower) with rebuilding partly completed. It is supply line from Red China. (Radiophoto)

Russell B. Long, Louisiana; Lister Hill, Alabama; Philip A. Hart, Michigan; Abraham Ribicoff, Connecticut

**MEDICAL COST PROBE**—These four Democratic senators head committees shaping a four-way investigation of medical costs, with emphasis on hospital charges and doctor fees. Senator Long's Finance Committee has Medicare under its wing; Senator Hill's Labor and Public Welfare Committee is delving into the overall hospital situation; Senator Hart's Judiciary Subcommittee on Antitrust and Monopoly has been putting the scalpel on the "fat doctor" business, those who give one examination to overweight persons and charge \$10 for each succeeding visit while prescribing the same pill each time; Senator Ribicoff's Government Operations Subcommittee is going to look into the increases in doctor fees. 3.3 per cent in 1965, another 7.8 per cent in 1966 and about 7 per cent in '67.

## Car Cleaners Save Paint Job

NEW YORK 1968 — Should you use cold or warm water when washing your car?

Oldtimers often warn against using soap suds on a car because it's hard to remove "soapskin" — an unconventional soap with cold water.

But today, a cupful of a special additive in a pint of cold water will result in fast removal of suds and dirt, yet leave the paint intact.

What is required of a good polishing agent, according to a corporation which specializes in home and car care products, (Amway), is that it serve as a protective film on top of the paint, seal the dirt and road film, fill in hair-line scratches, keep out moisture, and yet produce a bright shine. Now there's a silicone grease which offers all this with just one application of a dry cloth.

For glass and chrome parts, a single new product is now made for both purposes. It removes tough film, streaks, bugs and paint splatters from glass and, for chrome, helps retard rust.

Plastic or leather upholstery? Time was when two separate products were required for these materials. A combination cleaner now works on plastic as well as leather surfaces, removing grease, grime and soil, and possesses a preservative oil for keeping the material soft and pliable.

## New Products Marching On

CHICAGO 1968 — The number of new or improved consumer items coming to market is staggering.

The National Housewares Manufacturers Association (NHMA) reports that nearly 300,000 new or improved products were displayed at its January exhibit at the International Amphitheatre.

NHMA said an industry-wide survey indicated sales volume in 1968 was expected to reach a record \$5.8 billion. This represents a 15 per cent increase over 1967.

## Wake Up Your PERISTALSIS And Be Your SMILING BEST

Peristalsis is the muscular action of your digestive system. When peristaltic action slows down, waste materials can build up in the lower tract. You can become irregular, uncomfortable, stuffed. The unique laxative formula of today's Carter's Pills gives effective, temporary relief of the irregularity by activating the slowed-down muscles of the lower tract and stimulating peristalsis. So if you're sluggish due to irregularity, take Carter's Pills to wake up your peristalsis and you'll bounce back to your smiling best. Millions of satisfied users take Carter's Pills for effective temporary relief of irregularity. Why don't you, too?

## Social Calendar

**Monday, January 22**  
The Ruth Sunday School Class of the First Baptist Church will have a dinner meeting at the Triangle Inn at 6:30 p.m. Husbands are invited.

The Creative Arts Department of the Murray Woman's Club will meet at the club house at 9:30 a.m. Hostesses will be Mesdames Macon Blankenship, Henry McKernan, Ed Schmidt, Ray Simdair, and Ralph Tressener.

The Beta Sigma Phi sorority

**When Man's Best Friend Isn't**  
NEW YORK 1968 — The adage "love me, love my dog" may be asking too much of friend or suitor, or so it would seem from a report from two army doctors.

Canine scabies transferred to humans is no rare ailment, Maj. Edgar B. Smith, a dermatologist, and Capt. Terrence F. Claypool, a veterinarian at Fort Benning, Ga., report in "Dermatology Digest."

The doctors studied 23 scabies cases as part of a year-long study, and discovered that their patients had contracted their human itch from infected pets. In dogs, mites tend to concentrate on areas at the junction of legs and body — and on the edges of the ears. In man, the evidence of their presence is most often on forearms, lower chest and belt-line. The areas most likely to come into contact with infected pets. The infection is characterized by severe itching and eruption.

The doctors reported that the average duration of the condition after diagnosis was four days in those treated with a medicated cream and 16 days among those untreated. Until symptoms are checked out by a physician and treatment completed for both man and beast, it may be best for some dogs and humans to carry on their romance at more than man's length.

**Lunch Program Idea Still Good**  
CHICAGO 1968 — The school lunch program idea is a century-old one.

France, England, and Germany pioneered in subsidizing lunch programs to deal with the problems of malnutrition 100 years ago, reports the Wheat Flour Institute. The U.S. school lunch program

will hold its regular meeting at the social hall on Ellis Drive at seven p.m. with Anna Boquist and Suzanne McDougal as hostesses.

The Blood River Baptist Association Women's Missionary Union will hold its quarterly meeting at the First Baptist Church, Murray, at 8 p.m. with Ann Kay Sanders and Rev. Hilda Shelton as speakers. A sack lunch will be served and the nursery will be open.

The Almo Elementary School PTA will meet at the school at 7 p.m.

**Thursday, January 25**  
The Kirksey Elementary School PTA will meet at the school at 7:30 p.m. with the 3rd grade presenting the program and their mothers as hostesses. Note change in date.

**Wednesday, January 24**  
The Murray Neighborhood Girl Scout Association will meet at the Scout Cabin at nine a.m.

**Thursday, January 25**  
The Zeta Department of the Murray Woman's Club will meet at the club house at 7:30 p.m. Hostesses will be Mesdames Woodfin Hilsen, Vernon Stubbins, Jr., Owen Barber, Gaylord Forrest, James Converse, and Glen G. Hodges.

Grove 126, Woodmen of the World is scheduled to meet at the Woodman Hall at seven p.m.

**Saturday, January 27**  
The Alpha Department of the Murray Woman's Club will have its luncheon meeting at the club house, at noon. Hostesses will be Mesdames Wayne Williams, Sylvia Atkins, Baron Jeffrey, Vernon F. Campbell, Mary Belle Overbey, E. J. Beale, and Miss Lela Cain.

was developed originally during the Great Depression of the 1930s, when many parents were unemployed and children could not be fed properly. After World War II, the program was speeded up because of a food surplus.

In its first post-war year, the program served 46 million children in 33,000 schools. Today, the institute said, it reaches over 20 million students in over 71,000 schools, or 75 per cent of the nation's elementary and secondary school children.

## Lynda Bird Is Named As Best Dressed

By GAY PAULEY

UPI Women's Editor

NEW YORK 1968 — Lynda Bird Johnson Robb, only five weeks ago a White House bride, now ranks as one of the world's best-dressed women but her mother has been dropped from the list.

Lynda Bird, the bride of Marine Capt. Charles S. Robb, stands ninth on this year's international list of 12 best-dressed women.

Mrs. Lyndon B. Johnson, First Lady of the United States and fifth lady on last year's best-dressed list, was dropped from the new ratings.

The committee of fashion edi-

tors which made the selection did not explain the elimination of Mrs. Johnson, who made the list last year for the first time.

No. 1 in the fashion parade was Gloria Vanderbilt, Mrs. Wyatt Emory Cooper, who has placed some-

where on the annual list each year since 1962. She was third last year.

The list for 1967, announced Tuesday, follows:

— Mrs. Wyatt Emory Cooper.

— Mrs. Carter A. Amanda Burden, daughter of the perennial best-dresser, Mrs. William Paley.

— Mrs. Charlotte Ford Natchios, elder daughter of Henry Ford II, and ex-wife of the Greek shipping millionaire, Stavros Natchios.

— Mrs. Harilaos Theodoropoulos, the former Betsy Pickering, a New York model, now the wife of a Greek shipping millionaire.

— Mrs. Angier Biddle Duke wife of the U. S. ambassador to Spain.

— Princess Lee Radziwill, Lon-

don, wife of a Polish-born prince, actress, and sister of Mrs. John F. Kennedy.

— Lauren Bacall, actress.

— Mrs. Henry Ford II, of Detroit, second wife of the automobile magnate.

— Mrs. Charles Spittal Robb, Mrs. Ronald Reagan, wife of the governor of California.

— Princess Alexandra of Kent, Mrs. Angus Ogilvy, the only titled European to make the list. She is a cousin of Queen Elizabeth of Britain.

Faye Dunaway, actress and costar of the hit film, "Bonnie and Clyde."

Mrs. Reagan and Miss Dunaway, as well as the daughter of President Johnson, were newcomers to the new list. Speculation was that the new Mrs. Robb rated, while the First Lady did not, because of the worldwide coverage given to her wedding Dec. 9. The balloting for best-dressed honors began about the same time.

## Happy 4666 It's Year of Monkey

FRIED RICE STUFFED PEPPERS are colorful addition to the winter menu and just right to salute the Chinese New Year. For added interest, serve with tiny frozen egg rolls.

By JOAN O'SULLIVAN

FROM New York to San Francisco, Chinese communities are getting ready to welcome the New Year, 4666, "the year of the monkey." It means feasting, fun, firecrackers and a fabulous time, so why not celebrate, too, by planning a meal with Oriental flair? It couldn't be simpler! Canned and frozen convenience foods help you prepare an exotic meal, such as the one given here, with very little time and effort.

**WATER CHESTNUT CHINESE BALLS**  
1 c. grated cheddar cheese  
2 tsp. butter  
1/2 c. flour  
Dash cayenne pepper  
1/2 c. chopped stuffed olives  
1 (5 oz.) can water chestnuts, drained and chopped  
1 egg slightly beaten  
Blend cheese and butter together; work in flour, pepper, olives, water chestnuts and egg. Mix until dough is formed (this can be done the day before and refrigerated until needed).

Drop by teaspoonfuls on greased cookie sheet. Bake in moderately hot oven (400° F.) for 10 to 12 minutes, or until light golden color. Serve immediately. Makes 30 appetizers.

**FRIED RICE-STUFFED PEPPERS**  
6 bell green peppers  
2 lb. ground beef or pork  
4 eggs  
2 (10 oz.) pkg. frozen fried rice thawed  
2 (12 1/2 oz.) cans fried rice  
1 1/2 c. tomato juice  
1/2 c. soy sauce  
Dash pepper; into halves, lengthwise; remove stems and seeds. Blend meat, eggs and fried rice together thoroughly, and use mixture to stuff peppers.

Put stuffed peppers into a large greased shallow casserole. Combine tomato juice and soy sauce; pour over peppers, cover and bake in moderate oven (350° F.) for one hour, adding more tomato juice if necessary during baking. Turn peppers moist. Uncover during last 10 minutes of baking. Serves 6.

**LOBSTER CANTONESE**  
2 scallions, cut in 1/2 in. pieces  
2 tsp. butter or oil  
2 c. cooked lobster, cut in 1 in. cubes  
1 (45 oz.) can pork chop suet divider-pak  
1/2 tsp. sherry  
1/2 tsp. sugar  
Dash pepper  
2 tsp. oil  
1/2 head lettuce, shredded

In large frying pan, saute scallions in butter for one minute, stirring continuously; add lobster pieces and heat through.

Blend in sauce from top can of divider-pak, sherry, sugar and pepper; cook until heated. Meanwhile, drain and reserve chop suet vegetables from divider-pak bottom can.

Heat 1 tsp. oil in a saucepan, add shredded lettuce and cook over high heat for 2 minutes until lettuce is slightly wilted; blend in chop, suet vegetables, and heat through. Turn vegetables out on serving platter, top with pork-lobster sauce and serve immediately.

SAVORY LOBSTER CANTONESE features succulent bits of lobster in a sauce served on bed of Oriental vegetables.

From the Kitchens of Chuan King of lobster in a sauce served on bed of Oriental vegetables.

**FAR EAST FRUIT CRUNCH**  
Serves 6  
1 (3 oz.) can chow mein noodles, coarsely crushed  
1/2 tsp. baking soda  
1 c. flour  
1 c. brown sugar, well packed  
1/2 c. room temperature butter  
1 (1 lb. 5 oz.) can apple pie filling

Combine chow mein noodles, baking soda, flour and brown sugar until well-blended; cut in butter until mixture resembles coarse crumbs. Reserve 1 cup of mixture; press remainder into greased 9-inch square pan, top with fruit filling, and sprinkle with remaining cup of crumb mixture.

Bake in (350° F.) oven for 30-35 minutes or until golden. Serve cooled and cut into squares. Makes 9 (three-inch) squares.

This versatile dessert can be made with almost any canned fruit filling. Try pineapple, peach, french apple or raspberry for variety.

## Dear Abby

By Abigail Van Buren

**DEAR ABBY:** Every day my husband picks up your column and says, "Well, let's see what Abby has to say to those nutty people who write to a newspaper columnist." He would never admit that he could use some help. My husband is a good provider and generally a good husband, but he is a very poor father to our six children, who range from 16 to 10. He never pays them the slightest attention unless it's to spank them.

When a male friend comes over here, the children compete for his attention and the man can't get the little ones off his lap. I am worried about how this will affect the children's lives. Will my girls be so hungry for male affection and approval that they'll be pregnant at 15? And what if my sons grow up to be Mama's boys? What can I do before it's too late? Or am I being silly? **WORRIED**

**DEAR WORRIED:** It's sad that a couple who have spent more than a dozen years together have so little communication between them. Why can't you tell your husband these things? You seem to be an intelligent woman and your complaints make sense. If you aren't able to get thru to him, find someone who can. Your husband needs desperately to get this important message.

**DEAR ABBY:** Please don't laugh, but where can I buy a foam rubber bunny? I have heard that there are such things, but I have never seen one anywhere nor have I ever seen them advertised, have you?

I once asked a salesman who sold furs and picked him up in a department store and she looked at me like she thought I was crazy. I would really appreciate your help, Abby. Thank you.

**FLAT IN BACK**  
**DEAR ABBY:** Maybe I'm behind times, but I've never heard of such an item. However, if it exists and the manufacturers fill me in, I'll be glad to fill you out.

**DEAR ABBY:** It disgusts me to read the letters in your column that begin, "While straightening my daughter's room I came across one of her letters, or her diary, months

and after reading it, I was horrified. Where have I failed?" Perhaps these mothers should begin by looking at their own code of ethics. It is important to children, especially teenagers, to feel that they are individuals with privacy and rights of their own. Having a mother who comes snooping around reading personal mail and examining private possessions will surely force the child to become deceptive and secretive and consequently a very unattractive child. It's better to discuss personal problems and share private experiences with her mother.

If a mother feels it is necessary for her to know everything that happens in her child's life, she should teach the child early to trust her and come to her and share her feelings openly. This way the mother can express feelings of her own, and perhaps point the child in the right direction without promoting the kind of mistrust and tension that develops between mother and daughter when the daughter finds she has no privacy and the mother finds her only link with her daughter is their warring. The child can find "while straightening the room."

The more I read about such mothers, the more I appreciate any one who writes to you.

**PERSONALS**  
Mr. and Mrs. J. E. Littleton left Friday for Miami, Fla., where they will stay for two months.

Mr. and Mrs. W. J. Gibson are at the Hotel Dixie Grande, Bradenton, Fla., for the winter months. They left Murray December 26.

**The Care of Your Clothes**  
by your Sanitone-Corliss Master Drycleaner

**By Dorothy Boone**  
**Does Dry Cleaning Wear Out Clothes?**

Some people think so. But it's really quite the opposite. Quality drycleaning on a regular basis can make your clothes last longer — perhaps twice as long as they would otherwise. There are several reasons.

First, the microscopic particles of dirt that work themselves into your clothes are very dangerous to the individual fibers of the fabric. These tiny bits and pieces rub against the threads and wear them out — like loose change or keys wear out the pockets of a man's trousers.

Many soils promote chemical action that tends to weaken fabrics.

Second, soil can make even man-made fibers tasty to moths. Everyone knows that moths eat wool, not synthetics. But put a sugar stain on nylon and it can taste delicious to hungry moth.

Third, in a test study with two identical suits, one was Sanitone drycleaned 25 times. Then a test-panel checked the new suit with the one cleaned 25 times and could find no differences. This proved that soil, not quality drycleaning, wears out clothes.

Now you can see why we say quality drycleaning on a regular basis makes clothes last longer. What's more, our advanced new Sanitone drycleaning gets out so much more soil than ordinary processes that colors look brighter, whites come out whiter. Fabrics even feel like new.

How can you tell if more frequent drycleaning makes your clothes last longer? Try sending your things to us wearing or too sooner than you would normally. You'll see the difference.

## TIME OUT

by  
GALE  
GARRISON

If you read the write up on the Lakers' Friday night game, you might have noticed that I called Stan Key "The King". I think that if anyone deserves the title of "King", Stan does. He played one of his best games Friday night, scoring 29 points, which is just a little over his average, playing all over the floor, both on offense and defense, getting his own rebounds, and you name it and he was doing it.

Now, another reason I think the name King fits him, is because of his fine court. There's Darrell Cleaver, who scored 21 points in the North game and always plays a real hustling game. Tony Jones hit for 14 Friday night and is just about always in the double figure bracket.

Mike Ernstberger is making a good job of taking over where Henry Armstrong left off last year, and you all know what type of player Henry was. Charles Rushing is a real fine ball player, and can be counted on when the chips are down.

Then you get into the reserves and you find boys like Craig Calhoun, Pat Lamb, Pete Roney, Dennis Sears, Joe Williams and Artie Haneline, plus a couple of more that can do a fine job when they are called on.

I think King Key and his court of the Lakers are real fine ball players and a group that is capable of defeating any team in the Region.

The two games played at North Marshall were two of the best games that I have seen in high school this year.

The "B" team game was won in the very last seconds, when Pat Lamb broke the tie game with a field goal, and the baby Jets didn't have time to get the ball down the floor and get a shot off.

The "A" team game was just as exciting, only this game was nip-and-tack from start to finish, except when the Lakers came out with a hot hand in the third quarter to score 11 straight points, while the Jets were sitting on their half-time score. North then came back and played about point for point with Calloway for the rest of the game, but was not able to overcome the lead.

CATHY JOHNSTON

This Week's Cheerleader is Cathy Johnston, the 16 year old daughter of Mr. and Mrs. Joe Johnston of Farmer Avenue in Murray.

She is a Junior at Calloway County High School, and is now serving as a member of the cheerleading squad for the first year.

Cathy is a member of the Tau Phi Lambda sorority of the Women of the World. She also is a member of the Beta Club, the F.H.A. and the F.B.L.A. at Calloway.

Her favorite sports are basketball, baseball and golf, and enjoys music and active sports as a past time. Cathy attends church at the Murray First Baptist Church, and she plans to attend Murray State University, where she will major in Mathematics.

I saw the Houston-UCLA game on TV Saturday night and was well pleased with the way it turned out. I pulled for Houston the entire game, and believe it or not I thought all the time, even before the game, that Houston was going to win.

That Elvin Hays is something else, he played one of the best games that I have seen anyone play. As a matter of fact I thought he made Lew Alcindor look sick.

I had some doubts that Alcindor would even play, and not because of his eye, but because UCLA was afraid they were going to be defeated, and they wanted an excuse. Lew did play, but the Bruins were defeated anyway, and the first question that came up was Alcindor's eye have anything to do with it, and everyone connected with the UCLA wants to think so, but, couldn't say so.

Coch John Wooden was asked that question, and he said that he wasn't looking for an excuse, but Alcindor didn't play as good a game as he could.

I still think Houston would have beaten UCLA if Alcindor had played an extra good game, because most of his moves looked good, except when Hays got hold of him.

ONE INJURED

BOSTON — Defenseman Bobby Orr of the Boston Bruins suffered a muscle injury in his right shoulder Tuesday night during the National Hockey League All-Star game at Toronto, the team said Wednesday. He is expected to miss about a week of action.

X-rays taken of the shoulder when Orr returned to Boston revealed the injury, Orr said he probably suffered the injury in a late game collision with Pete Stelmowski of the Maple Leafs.

STARR HONORED

NEW YORK — Quarterback Bart Starr of the Green Bay Packers has been named December winner of the S. Rae Hickok award.

The 1967 Hickok winner will be named at the 18th annual Hickok awards dinner at Rochester, N. Y., Jan. 29.

## Cats, Vols Meet Tonight; Winning Affects 3 Things

By JAMES K. CAZALAS

ATLANTA (AP) — Fourth-ranked Tennessee and seventh-ranked Kentucky clash tonight in a game that will affect the national standings, the Southeastern Conference race, and Adolph Rupp's desire to become the winningest basketball coach in history.

For the Wildcats, 4-2 in the SEC and 9-3 overall, the game opens a do-or-die week which also includes a date with Louisiana State, Tennessee's current co-leader in the SEC. Kentucky plans to move up from fourth place in the conference, especially after a 74-73 upset by Auburn Saturday, the move will have to come this week.

Tennessee also was upset Saturday night, but the Vols have not lost a home game in 31 outings. Florida beat Tennessee 50-46 in Gainesville to end the Tennessee unbeaten conference streak at 4-0 and give the Vols a 10-3 record.

The big upset was at Auburn, however. The lowly Tigers, an also-ran in the Southeastern Conference with a 2-4 league record, came through in the last minute to upset Rupp's quest for victory No. 771—the one that will tie him with Forrest Phog Allen of Kansas for the most wins.

Then Perry hit a free throw with 36 minutes left to give Auburn the one-point victory. Alex Howell led Auburn with 25 points during the game in which the lead changed hands 18 times and the score was tied 17 times.

Kentucky, mired back down the court after Perry's shot and with five seconds left, guard Steve Clevenger made a desperate push shot from behind the screen. The ball brushed the outside of the rim as time ran out.

"We fouled, they sank the free throw and that's it," said the disappointed Rupp.

The Florida Cats, who beat Vanderbilt earlier this year when the Commodores were ranked second nationally and downed Kentucky when the Wildcats were fourth, used Tennessee's own brand of play-ball control to gain a 59-46 upset.

Florida center Neal Walk dueling with Tennessee's 7-foot center Tim Boerwinkle and came ahead with 28 points and 19 rebounds to Boerwinkle's 23 points and 11 rebounds.

Florida State continued its winning ways with a 73-57 victory over Georgia Tech Saturday behind the 21-point attack of sophomore center Dave Cowens. The victory gave FSU an 11-4 record making the Seminoles one of the best independents in the Southeast.

This week's schedule: Monday: Kentucky at Tennessee, Alabama at Mississippi State, Georgia at Florida, Georgia Tech at Ohio State. Tuesday: No games. Wednesday: Clemson at Louisiana State. Friday: Hofstra at Florida State. Saturday: Kentucky at Louisville.

## Racers Trip Austin Peay For OVC Win

By GALE GARRISON

The Thoroughbreds of Murray State University racked up their fifth win in the OVC race Saturday night as they defeated the Austin Peay team 91-82.

The Gove gave Murray a run for the money for the first 12 minutes of the game, but then Murray pulled away to a 15-point lead in the next ten minutes.

In the second half Murray led by as much as 23 points at two different times, and coasted to the nine point win.

Claude Virden, who missed much of the season with a bad ankle played an outstanding game hitting 13 of 22 attempts and adding five of five from the free throw line, for a total of 31 points.

Don Funneman also played an outstanding game as he was put on Howard Wright, and held him to 14 points, eight points off his league leading average of 22.2, besides scoring 13 points himself.

Tom Moran hit seven field goals and three of six from the line to score 17 points. Dick Cunningham scored 12 points and grabbed off 15 rebounds. Billy Chumler added 10 points to finish all the starters in double figures.

Murray hit 35 of 72 attempts from the field for a percentage of 48.6 and connected on 21 of 33 from the line.

Austin Peay hit 31 of 82 from the field for 37.8 per cent, and 20 of 30 from the line. Murray out rebounded the Governors 30-51.

Murray's next game will be with Middle Tennessee on January 29. Their next home game is against Austin Peay on February 3.

Murray (91) — Virden 31, Moran 17, Cunningham 12, Chumler 10, Funneman 13, Stocks 2, Romani 3, Riley 2, Lind 1.

Austin Peay (82) — Moore 16, Heisterlin 15, Burnett 5, Wright 14, Rutledge 13, Walker 5, Miller 5, Young 2, West 3.

17-0, turns to its remaining 11 games, beginning with Little Lamar Tech Saturday.

"It will be tough to get them up for that one," said Houston Coach Guy Lewis.

The Houston defense took the ball away from the clasp of UCLA 16 times. Bruin Coach John Wooden said Houston's defensive and shooting abilities were major reasons his team lost.

Higher Percentage

Houston outshot UCLA 45.5 to 33.6 per cent with Hays hitting 17 of 25 for 68 per cent on his way to a 39-point night. Lew Alcindor, UCLA's 7-4 center, made only four of 18 for 22 per cent while scoring 15 points.

Alcindor said afterwards his left eye did not bother him but he did not feel well generally. He had suffered an eye injury Jan. 12 and missed the two games prior to the Houston clash.

UCLA, 13-1, returned home to prepare for its conference race which begins Feb. 1, and Houston,

## WHO'S NO. 1 NOW?

# Houston Topples Mighty Bruins Saturday Night

By GARY KALE

UPI Sports Writer

Who's No. 1?

That was the question everybody in college basketball circles was asking today as UCLA's finally beater Bruins attempt to "start all over again" with weekend games against Holy Cross and Boston College in Madison Square Garden.

Elvin Hays, Houston's man of the hour, spent Sunday's "11-0" victory aftermath trying to relax and watch all of things—a basketball game on TV.

Lew Alcindor, outplayed by Hays, may have a built-in excuse extended by an ophthalmologist at the UCLA Medical Center who said Sunday night the Bruin All-American's sight could have been off because the 7-foot-14-inch center is suffering from vertical double vision and impaired depth perception.

Check Eyes Again

Alcindor will be examined twice before his forthcoming weekend action to insure maximum physical fitness for the games.

No. 1 ranked UCLA was riling a 47-game winning streak and threatening the record 69 straight owned by the University of San Francisco when the Bruins tangled with the Cougars.

Houston entered the game Saturday night No. 2 and bidding to avenge a loss to UCLA in last year's NCAA championship. Hays was outspoken in his claim he was a better player than Lew Alcindor.

The Houston All-American proved it this time out with a 39-point barrage against a sub-par Alcindor, who removed the patch from his recently injured eye barely 24 hours earlier to play in this "game of the season." Big Lew scored 15 points, but his presence was enough inspiration for the Bruins to keep fighting until Hays won the game with a pair of free throws in the final seconds.

Houston has a 17-0 record now and it looks now like the two teams should cash again in the

1968 NCAA tourney this March.

Four Trapped

Millions of viewers watched Houston beat UCLA over nationwide television. The Bruins were one of four members of the top

10 that ran into trouble Saturday night. Florida beat fourth-ranked Tennessee 59-46, Wyoming knocked over 19th-rated Utah 81-73 and Auburn surprised No. 7 Kentucky 74-73.

James Crumens took scoring honors for the night with 21 points. Terry Mullins was the only other Falcon to score in double figures with 10.

The Tigers next game is with the Indians at Benton and will be played on Tuesday night.

Murray 14 38 46—64 Hickman County 10 26 42—50 Murray (64) — Lamb 8, Gish 10, Taylor 6, Rutledge 15, Beane 17, Scott 6, Grogan 2.

Hickman County (55) — Mullins 16, Crumens 21, Fuller 6, Barber 2, Terry 8, Ward 8.

GARDEN SCHEDULE

NEW YORK (AP) — The new Madison Square Garden will hold its boxing doubleheader on March 4 featuring heavyweights Joe Frazier against Buster Mathis and middleweight champion Emile Griffith against Italian Nino Benvenuti.

The boxing commissions of New York, Massachusetts and Maine have agreed to recognize the winner of the Frazier-Mathis bout as heavyweight champion, and Griffith will risk his middleweight crown against Benvenuti.
